* Deductible does not apply

Embedded deductible definition - if there are two or more people on this plan – meaning the family amount(s) apply – you have a separate individual deductible within (or embedded within) the family deductible. This gives each member on the plan a chance to have his or her benefits start before the entire family meets the family deductible.

When using out of network providers, you also pay any charges in excess of the **maximum allowable charge**. Amounts over the maximum allowable charge do not apply to the Out-of-Pocket Maximum.
