

Positive Action

Positive Action is a curriculum that is taught to all of our students at Westview Elementary. The goal of the program is teach and practice good habits at school. Each unit has a theme that the lessons focus upon for a period of time. These themes reinforce self esteem, taking care of oneself, controlling our emotions, peer relationships, and continually improving oneself. When a new theme is introduced, we have an assembly in the gym and recognize students who exhibited the previous theme in each class along with a presentation on the new theme. We try to reinforce these good deeds with our “Super Hawk” tickets. When students receive one of these tickets, they give them to their teacher so that they are eligible for a prize at the end of the week. If your child comes home and talks about “Super Hawks” or Positive Action, hopefully you will have an understanding about this program.
